MUSTAFA ALABDULLAH

Front-end developer
mustafaa.tech

About me

I am a front-end developer based in Toronto who is passionate about Javascript and React. I enjoy playing with CSS and never get bored of working with UI. I love to see my imagination come to life through interactive, responsive and accessible web applications that solve problems for users. With additional experience working in QA and communications, I care about the quality and purpose of the applications I develop.
Skills

+HTML5
+CSS3 and sass
+JavaScript ES6
+jQuery
+React
